Dear Mr. Woods,

Attached is a letter that we sent to EPA Office of International and Tribal Affairs Director JoAnn Chase about a month ago, with Native Village of Eklutna Tribal Council President Lee Stephan's concerns about Fukushima radiation impacting Alaska marine resources, and request for information on monitoring plans. Our GAP Project Officer Katherine Brown says you may facilitate a response.

Katherine and I are also working to identify a relevant EPA program staff person who could discuss this with us.

Thank You,

Marc Lamoreaux
